SuperCurveGUI-package
GUI for reverse phase protein lysate array analysis

Description

A package for analyzing reverse phase protein lysate arrays (RPPA).

Details

Package: SuperCurveGUI
Type: Package
Version: 1.0-1
Date: 2008-06-06
License: See LICENSE for license information

For a complete list of functions, use `library(help="SuperCurveGUI")`. For a high-level summary of the changes for each revision, use `file.show(system.file("NEWS", package="SuperCurveGUI"))`.

Author(s)

P. Roebuck, <plroebuck@mdanderson.org>

supercurveGUI

Graphical User Interface for the SuperCurve package

Description

Graphical User Interface for the SuperCurve package.

Usage

```
supercurveGUI()  
sc()
```

Details

The function `supercurveGUI` launches a Graphical User Interface for the SuperCurve package. The GUI uses Tk widgets (via the R TclTk interface by Peter Dalgaard) in order to provide a simple interface to the SuperCurve functions for analyzing reverse phase protein lysate arrays. The functions `sc` and `scui` are aliases for the aforementioned function.

Author(s)

P. Roebuck <plroebuck@mdanderson.org>

Examples

```
## Not run:  
supercurveGUI()  
  
## End(Not run)
```
